GUNTHER

Professional Line of Mirror Installation and Maintenance Products

PRIME-N-SEAL™

GUNTHER PRIME-N-SEAL™ is a quality primer and sealer that enhances the adhesion of mirror mastics to unpainted drywall, greenboard, cement, plaster, plywood, brick and other substrates. Laboratory tests show up to 100% more strength when a primer-sealer is used. This is especially important for high-humidity areas such as bathrooms. GUNTHER PRIME-N-SEAL is easy to apply, environmentally safe, dries in 1/2 hour and cleans up with soap and water.

SEAL-KWIK™

GUNTHER SEAL-KWIK™ protects mirror edges against black edge. This specially designed formula seals the mirror edge against contaminants. The unique built-in applicator eliminates "over spray" wasted material and added labor. GUNTHER SEAL-KWIK dries clear, is non-flammable, and is easy to use.

MIRROR CLIPS

GUNTHER MIRROR CLIPS provide for a safe and stylish installation. Available in chrome or gold finish these mirror clips are an attractive safety feature for any mirror. The padded clips hold mirrors snugly in place with no scratching. The use of mirror clips is recommended as they provide additional safety for the consumer and installer.

MIRROR & MORE CLEANER™

GUNTHER MIRROR & MORE CLEANER™ is a superior all purpose mirror deaner that is excellent in cleaning glass, porcelain, chrome, stainless steel, marble and appliances. GUNTHER MIRROR & MORE CLEANER contains no vinegar or ammonia that can be harmful to mirrors. Available in easy to use refillable hand spray, aerosol, one-gallon containers, and the very popular five-gallon bag-in-the-box. GUNTHER MIRROR & MORE CLEANER dissolves dirt, grease and most other deposits, leaving no film or streaks.

Unmatched Quality & Performance

ULTRA/BOND®

GUNTHER ULTRA/BOND® mirror mastic is designed to provide a fast permanent bond between mirror and drywall, wood, and metals. Since ultra/bond can be compressed to 1/32 of an inch, it makes it ideal for mirror installations requiring close tolerances such as mirrored overlays or mirrored furniture. For those uneven surfaces ultra/bond can build up to 3/4 inch. Available in tubes, one-gallon cans, 5 gallon pails and 55 gallon drums.

EXTRA/BUILD®

GUNTHER EXTRA/BUILD® mirror mastic is ideal for large mirrored walls and uneven surfaces. GUNTHER EXTRA/BUILD will build out to 2 1/2 inches without sag. Its special formula contains antioxidants, which prevent chemical breakdown and will not become brittle with age. Available in tubes and one-gallon cans.

PREMIER®

GUNTHER PREMIER® is ideal for high traffic areas, gyms, dance studios, and commercial projects. It holds firmly yet absorbs movement and

bonds to all types of substrates, including drywall, concrete, wood, metals and dry primed surfaces. An environmentally safe product, GUNTHER PREMIER is VOC compliant, nonflammable, and has very little shrinkage. GUNTHER PREMIER can be built out to 2 inches or squeezed down to 1/32 of an inch. It also allows a mirror to be adjusted for perfect alignment up to 12 hours after installation.

PRO

GUNTHER PRO mirror mastic is formulated to achieve maximum build and strong adhesion between the wall and mirror. This asphalt based product requires no special tools for application-use straight from the can. While it provides a strong permanent bond that remains flexible, GUNTHER PRO holds mirrors firmly, yet absorbs movement caused by normal vibrations or thermal changes. GUNTHER PRO is a safe economical product for the professional installer.

SILICONE SEALANT

GUNTHER SILICONE SEALANT is a neutral cure multi-purpose adhesive/sealant for professional use. For use in showers, tubs, ceramic tile, skylights, general glazing, structural glazing and vinyl building products. GUNTHER SILICONE SEALANT meets many FDA Mil Specs and U.S. Federal specifications. Also, GUNTHER SILICONE SEALANT is weather resistant, cures dry to the touch in 25 minutes and comes in clear and white colors. With no objectionable odor, GUNTHER SILICONE SEALANT is ideal for use in confined work area. Truly a multi-purpose product.

We at Gunther Mirror Mastics are committed to developing the highest quality mirror products to meet our customers needs for a safe, durable, and complete mirror installation, from preparation of substrates to maintenance of the mirror. We have a proven track record after many years of laboratory testing and field use.
