

Introducing the New and Improved 139-3

The leader in the professional market is now even better.

The Professional Caulking Gun.

To meet the most demanding professional and industrial applications we've made the 139-3 even better:

Compare the 139-3 features with any other gun:

- Built for heavy duty use— 100% steel construction
- Increased durability— Albion's square rod technology, legendary double gripping plates, and reinforced trigger means greater durability and strength
- Longer dispensing tool life— Albion's square smooth drive rod rotates 4 times for longer life than a standard round rod tool
- User friendly— Handy puncture wire for cartridges easily tucks inside handle grip when not in use
- Optional accessories— Albion's ladder hook pull accessories can adapt to end of gun (sold separately)

Don't settle for anything less than the best.
For more information, visit us at our website at www.albioneng.com. Our full line of products come with an Albion warranty and our commitment to professional quality tools.

Albion Engineering—
